EDUCATION

Georgia Institute of Technology

B.S. in Industrial Engineering | Concentration: AI/OR for Decisions | Minor: Computing and Theory

Atlanta, GA

May 2029

University of Illinois Urbana-Champaign

Grainger College of Engineering

Urbana, IL

September 2025 – May 2026

Relevant Coursework: Data Science Discovery, Data Science Exploration, Calculus I–II

In Progress (Fall 2026): Linear Algebra, Discrete Mathematics, Intro to Computing

Planned (Spring 2027): Multivariable Calculus, Probability, Object-Oriented Programming

PROFESSIONAL EXPERIENCE

MiraPhoto

June 2026 – September 2026

Software Engineering Intern (early-stage startup; Node.js, Express, MongoDB, Astro, React)

- Owned a live Organization Profile & Event RSVP feature end-to-end; rebuilt the UI design system from a single screenshot
- Migrated the feature from Next.js to Astro; set up CI/CD with GitHub Actions and deployed to GitHub Pages and Vercel
- Built role-based access for 3 user roles and 4 validation rules (phone, URL, email, length) with React Hook Form and Zod
- Connected the frontend to the live API using Swagger docs; resolved a schema mismatch with the backend engineer

PERSONAL PROJECTS

Mean-Reversion Statistical Arbitrage System | Python | pandas | statsmodels | yfinance | [Source Code](#)

- Built a pairs-trading pipeline using log-price cointegration tests with Benjamini-Hochberg false-discovery correction
- Fit hedge ratios on train data only and backtested 2023–2024 out of sample with 10 bps transaction costs
- Found 1 significant pair of 8 (KO-PEP, corrected $p = 0.036$); cost and year-by-year tests showed no reliable edge

AirBnB Pricing Analysis: NYC vs. Chicago | Python | pandas | scikit-learn | seaborn | [Source Code](#)

- Cleaned Kaggle listings for 2 cities and compared prices by room type and area (median \$106 NYC vs. \$99 Chicago)
- Tested linear regression and KMeans to predict price from listing features; both explained little (R^2 of 0.13 and 0.10)

LEADERSHIP & EXTRACURRICULAR EXPERIENCE

Hillsborough High School Swim Team

November 2021 – February 2025

Varsity Swimmer; Team Captain (2024–2025)

Community Swim

Summer 2022 – Summer 2024

Co-Founder

- Taught water safety to 15 kids ages 4–12; 10 of them joined a swim team

TECHNICAL SKILLS

Programming Languages: Python, TypeScript, JavaScript

ML / Data: scikit-learn, pandas, NumPy, statsmodels, matplotlib, Jupyter

Web / Tools: Node.js, Express, MongoDB, React, Astro, Next.js, REST APIs, Git
